CLINICAL EXPERIENCE:

Psychological Affiliates, Inc. (Winter Park, FL) Post-Doctoral Residency and Current Practice
August, 2009-present

Completed a one-year, 2000-hour, post-doctoral residency and remained as employee of the practice as a licensed psychologist. The practice provides a continuum of outpatient assessment and treatment services and focuses largely on forensic assessment. Services include:

- Forensic evaluations- parenting plan evaluations/social investigations, risk assessments, dependency evaluations (parental fitness and child victim evaluations), psychosexual evaluations, competency evaluations, assessing mental state at the time of the offense (insanity), criminal mitigation, and personal injury evaluations.
- Psychological evaluations for various referring agencies aimed at clarifying diagnosis and aiding in treatment planning.
- Consulting psychologist for the Child Protection Team (CPT) in Orange County, Florida.
- Professional consultation-including work product review and court preparation.
- Expert witness testimony.
- Establishing a database of psychological test data to be used for clinical research.
- Supervision/coordination of graduate students employed at the practice for a practicum experience.
- Individual therapy with adolescent and adult populations.

Atascadero State Hospital (Atascadero, CA) APA Accredited, Pre-Doctoral Internship
August, 2008-July, 2009

Provided psychological services for patients of a maximum security forensic hospital. The hospital houses adult males committed under various California penal codes, including incompetent to stand trial, transfers from the department of corrections, not guilty by reason of insanity, sexually violent predators, and individuals committed to parole at the hospital under California's mentally disordered offender law. Services included:

- Psychological evaluations aimed at clarifying diagnosis and aiding in treatment planning.

- Forensic evaluations-including malingering evaluations, mentally disordered offender placement evaluations, incompetent to stand trial evaluations, and violence risk assessment.
- Reliability training for the PCL-R using Dr. Robert Hare's Darkstone inter-rater reliability training materials.
- Training in violence risk assessment, sexual-violence risk, and evaluation of malingering.
- Individual and group therapy-including psychoeducational groups and competency restoration groups.
- Active participation in an interdisciplinary treatment team.
- In-vivo observation of psychologists testifying in court as well as participation in mock trials to practice expert witness testimony.
- Numerous didactic trainings and supervision experiences relevant to forensic psychology.

Circles of Care, Inc. (Melbourne, FL) Graduate Student Practicum

January, 2008-July, 2008

Provided psychological services for patients of an inpatient psychiatric hospital. Services included:

- Individual and group therapy with adult and adolescent populations.
- Psychological evaluations to aid in diagnostic clarification and treatment planning.

Low Energy Neurofeedback System (LENS) (Melbourne, FL) Graduate Student Practicum

January, 2008-May, 2008

Learned the administration of the LENS treatment and was able to administer the treatment, under the supervision of a certified psychologist. Assisted in developing client consent forms and informational handouts about the LENS treatment modality.

Counseling and Psychological Services (Melbourne, FL) Graduate Student Practicum

August, 2007-May, 2008

Provided a variety of outpatient services for a university counseling center. Services included:

- Individual therapy with a diverse college population.
- Psychological evaluations to help aid in treatment planning and identifying learning disabilities.
- Academic assessment and career counseling.
- Developed and led presentations at outreach events aimed at raising awareness among university students of relevant mental health-related issues.

Psychological Affiliates, Inc. (Winter Park, FL) Graduate Student Practicum

August, 2007-December, 2007

Worked for a team of psychologists in a private practice. Acquired knowledge related to forensic assessment, forensic report writing, and various administrative duties of private practice. Experiences included:

- Scoring numerous psychological tests, including clinical and forensically-relevant instruments.
- In-vivo observation of evaluations and administration of specific instruments.
- In-vivo observation of psychologists testifying in court proceedings.
- Responsible for maintaining and ordering psychological testing supplies.

Brevard County Jail (Cocoa, FL) Graduate Student Practicum

May, 2007-July, 2007

Worked as a member of the mental health unit, providing mental health services and interventions in a correctional setting. Services included:

- Assessments and screenings of individuals identified as having potential psychological problems.
- Completed suicide risk assessments and provided crisis interventions for inmates with suicidal ideation.
- Followed the juvenile population at the jail complex, providing counseling services and facilitating treatment. Began the establishment of a resource center for the juveniles to have access to relevant educational and occupational materials.
- Followed several inmates on an individual basis to provide therapy services, monitor behaviors, and improve adjustment to the jail environment.
- Presented at the Brevard County Crisis Intervention Team trainings in regard to psychopathology and personality disorders.

Florida Institute of Technology-Forensic Team (Melbourne, FL) Graduate Student Practicum
January, 2007-April, 2007

Worked in conjunction with faculty to establish a team of student clinicians to provide forensic assessment services for the Brevard County Jail Complex. Services included:

- Psychological evaluations of inmates referred by the mental health unit of the jail. The purpose of the evaluations was to aid in planning treatment.

Community Psychological Services of Florida Tech (Melbourne, FL) Graduate Student Practicum
August, 2006-April, 2007

Provided outpatient psychological services through a community clinic. Services included:

- Individual therapy with an adult population.
- Conducted intake interviews and assessments of new clients.
- Psychological evaluations of adult and adolescent populations.
- Completed Social Security Disability evaluations.
- Participated in community outreach projects to market and raise awareness of the services offered by the clinic.

Family Learning Program (Melbourne, FL) Graduate Student Therapist
August, 2005-August, 2006

Provided therapy services and assessment for children and families who were recovering from the trauma of sexual abuse. Services included:

- Co-leader for a group of teenage victims of sexual abuse, co-leader for a group of non-offending caretakers, and individual therapy.
- Completed intakes and assessments for new admissions to the program.
- Assisted in the development of presentations for a statewide training for sexual abuse treatment providers.

LIFE Incorporated (Washington, NC) Licensed Psychological Associate
May, 2003-July, 2005

Provided outpatient psychological services, as a contract provider, to various mental health agencies and organizations throughout eastern North Carolina. Services included:

- Individual therapy primarily with adolescent and teen populations. Therapy settings included: schools, mental health clinics, and client homes.
- Worked as a consulting psychologist for a local school district. Conducted psychological testing to evaluate for learning disorders and behavioral problems and made referrals for school-based interventions.
- Psychological evaluations of adult and adolescent populations.
- Developed behavior intervention plans for adolescent and adult populations.
- Completed intake assessments for new admissions to the agency.

Tideland Mental Health Center (Washington, NC) Psychology Internship
July, 2002-May, 2003

Full-time, 1000-hour, Master's internship and part-time externship. Provided a continuum of mental health services for an outpatient clinic. Services included:

- Individual therapy with an adult population.
- Psychological evaluations of adult and adolescent populations.
- Conducted intake interviews and assessment of adult and adolescent populations.
- Worked the crisis center and became familiar with North Carolina's involuntary hospitalization procedure.

Cherry Hospital (Goldsboro, NC) Graduate Student Practicum
January, 2002-April, 2002

Master's practicum placement. Provided mental health services for patients of an inpatient psychiatric hospital.

Services included:

- Individual therapy with an adult population.

- Conducted admission interviews and evaluations for patients being transferred to a less restrictive ward of the hospital.
- Observed and participated in a Dialectical Behavior Therapy group.

ADDITIONAL WORK EXPERIENCE:

Teaching Assistant (Florida Institute of Technology, Melbourne, FL) August, 2006-July, 2008

- In-class teaching assistant for a graduate-level course in Psychodiagnostics, teaching students how to write integrated psychological reports.
- Taught a lab of graduate students, for two consecutive years, in a Projective Personality Assessment course. Instruction included: teaching the administration and scoring of the Rorschach, using Exner's Comprehensive System, as well as the administration of other projective techniques.
- Taught a lab of graduate students in an Assessment of Intelligence course. Instruction included: teaching the administration and scoring of intelligence and achievement tests.
- In-class teaching assistant for graduate students in a Clinical Skills course. Instruction included: working with a small group of students to learn and improve basic therapy and clinical skills.

Graduate Student Assistant (Florida Institute of Technology, Melbourne, FL) August, 2005-June, 2006
Assisted Professor Radhika Krishnamurthy with conducting research and preparing review letters for articles submitted for publication to the *Journal of Personality Assessment*.
